## A lasting difference...

Iris can now communicate with her family, thanks to therapy following her cochlear implant.

Alynah works on her visual tracking skills, a key tool to her reading and writing abilities.

Charlie learning to get in and out of her new wheelchair on her own, and to self-propel at home and school.

## About Habilitas Foundation

(formerly the MAB-Mackay Foundation)

Each year, Habilitas Foundation funds more than \$1 million in essential operations at the Lethbridge-Layton-Mackay Rehabilitation Centre, in areas not covered by the government, for all age groups and impairments.

This includes optician services in the Low Vision Clinic, Orientation and Mobility training, American Sign Language instruction, the Saliva Management Clinic, Braille Transcription Services for English students across Quebec, adapted sports programs, early intervention therapies for young children, and programming at the Day Centre for seniors with visual impairments.

The Foundation also supports the acquisition of essential technologies and equipment, as well as the development of innovative new programs at the centre.

# When "Thank You" isn't quite enough

## Grateful Clients Fund

Show your appreciation for the excellent care you received by making a gift that will help us to help others.

Grazie      Spasiba  
Merci      תודה      감사합니다  
**Thank you**  
Efharisto      do jeh, daw-dyeh  
Danke sehr      ありがとう      Gracias
